> About Phytéo

Phytéo Laboratoire is a CDMO (Contract Development and Manufacturing Organization) specializing in the design, development and manufacture of dietary supplements.

GRUPE
HERBAROM

**Phytéo Laboratoire is part
of HERBAROM GROUP :
1 Groupe and 2 complementary
expertises.**

phytéo
laboratoire

Food supplements

Expert on the development and tailor-made food supplements.

- > Phytotherapy and the use of functional active ingredients: at the heart of our solutions
- > Mastery of flavor
- > Knowledge on the current regulations of the market

HERBAROM
LABORATOIRE

Ingredients

Specialized in the production, sourcing, development of plant extracts dedicated to nutraceuticals.

+ CONTROL OF SOURCING AND ESTABLISHMENT OF CHANNELS

- > Cultivate, control, secure the sourcing of your ingredients

COMPLETE & INTEGRATED EXPERTISE

From formulation to launch, we master the entire value chain:

- > R&D and customized formulation
- > Regulatory expertise (European and international)
- > Rigorous sourcing of active ingredients and excipients
- > Multiform manufacturing and packaging

25 YEARS' EXPERIENCE AT THE SERVICE OF YOUR INNOVATIONS

Phytéo Laboratoire is recognized for its know-how and ability to innovate in a constantly evolving sector.

A 100% MADE IN FRANCE GLOBAL INDUSTRIAL PARTNER

Our products are Made in France, manufactured at our 4 industrial sites across the country. A guarantee of quality, traceability and responsiveness.

MULTI-FORMAT GALENIC EXPERTISE

We offer a wide range of galenic forms to meet market needs and consumer expectations:

- > Capsules
- > Tablets
- > Sticks (liquid or powder)
- > Sachets
- > Liquid solutions
- > Gummies

➤ **Ready to go & tailor made formulas**

Functional active ingredients, flavors, regulations and relevance to market needs are at the heart of our ready to go or tailor made solutions.

Inspirational formulas to meet our customers needs

FOR WHOM ?

- › Families
- › Children
- › Women
- › Active
- › Sportives
- › Seniors
- › Students
- › Young people
- › Etc

FOR WHICH BENEFIT ?

- › Immunity
- › Vitality
- › Sleep
- › Stress
- › Digestion
- › Fertility
- › Pre-natal
- › Articulation
- › Memory
- › Sport
- › Detox

UNDER WHICH FORM ?

- › Unicadose
- › Capsule
- › Sticks
- › Mini-tablets (lozenges-type)
- › Swallowable, orodispersible or sublingual, suckable or chewable tablet
- › Syrup
- › Sachets
- › Gummies

IN WHICH PACKAGING ?

- › Pillbox
- › Simple blister pack
- › Blister double distribution
- › Case
- › Jar
- › Doypacks

**Find the solution adapted
to your needs by consulting
the index on page 42**

> **Right galenic in right packaging**

From the bottle to the double-dispensing blister pack, your formula will always have the most suitable galenic and the most attractive packaging.

> FOCUS

Double distribution food supplement

Discover the innovation that makes the difference: **DOUBLE DISTRIBUTION BLISTER**

At Phytéo Laboratoire, we make it a point of honor to offer you quality solutions, optimized to meet the specific needs of your consumers. That's why we're proud to present our double-dispensing blister pack, which transforms the way dietary supplements are used.

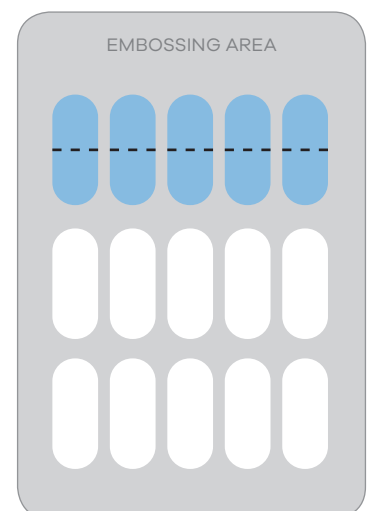

A solution for every
moment of the day:
SOLUTION > DAY AND NIGHT

Thanks to our double-dispensing blister technology, your products are now available in day and night formats. Each dose is perfectly adapted to the user's lifestyle, ensuring maximum efficacy throughout the day.

Different formats
for optimum intake:
SOLUTIONS > 2 GALENICS

Innovation doesn't stop there! Our blister packs also enable us to offer a variety of formats adapted to consumers' specific needs. By separating products, we optimize intake and avoid interactions between different materials (for example, for sensitive products such as probiotics). This guarantees efficient absorption, without compromising on quality.

Atopic Skin Stick | NUTRICOSMETIC

Peach flavor **1 stick per day** **30 days**

+ Claims

PROBIAL DERM – Lyobac 100.10⁹ UFC/g

Several studies demonstrate the benefits of this nutricosmetic ingredient:

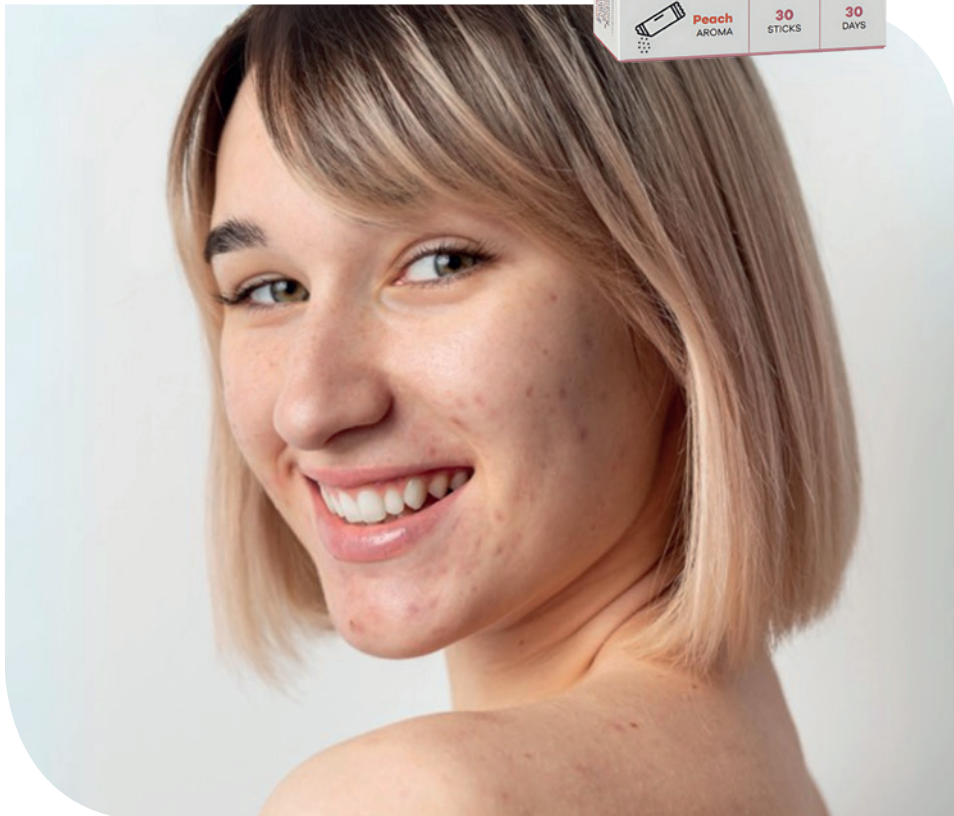

- + Significant improvement in SCORAD* and in patients' quality of life after 3 months of treatment, improvement persisting after 2 months of treatment. (Mix of both LS01+BR03 strains).
- + Significant improvement in SCORAD* and in patients' quality of life after 2 months of treatment, an improvement that persists after 2 months of treatment. (LS01 strains).

+ Daily dose *Example of a formula intent that can serve as a support*

Active ingredients	For 1 stick
PROBIAL DERM - Lyobac	20 mg
colony-forming unit	100.10 ⁹ / g

24RD-47840

■ Packaging : 1 box of 30 sticks

*SCORAD (Scoring Atopic Dermatitis) is a scoring system used to assess the severity of atopic dermatitis (eczema). It takes into account the extent of affected skin, the intensity of symptoms (such as redness and itching), and the impact on the patient's quality of life. This score helps doctors monitor the progress of the disease and evaluate the effectiveness of treatments.

Collagen Peptan® | NUTRICOSMETIC

Raspberry flavor

5 spoons per day

30 days

+ Claims

Peptan®: Several studies have demonstrated the various benefits of collagen:

+ Joints: reduces joint pain and improves mobility (3 months cure recommended).

+ Connective Tissue: helping to maintain muscle strength and prevent collagen degradation in muscles and tendons.

+ Skin: improves elasticity, reduces wrinkles, and hydrates the skin (visible results after 4 to 6 weeks).

+ Hair and Nails: promotes hair growth and reduces hair breakage (3 months cure recommended).

+ Daily dose *Example of a formula intent that can serve as a support*

Active ingredients	For 5 spoon
Peptan® Collagen	10 g

25RD-50618

■ Packaging : 1 jar of 300 g powder + measuring spoon

> MAGNESIUM

The essential balance between energy and serenity.
Fatigue reduction, stress management, muscle and nerve support: a must for everyday well-being.

HOW TO CHOOSE THE RIGHT FORM FOR THE RIGHT APPLICATION?

+ Good absorption and daily use	BISGLYCINATE - MALATE - CITRATE
+ Relaxing, anti-stress effect	BISGLYCINATE - TAURATE
+ For athletes or an energy boost	MALATE
+ Action on memory and the brain	THREONATE
+ Digestive effect (detox, occasional constipation)	CITRATE - CHLORURE
+ Small budget but low absorption	OXYDE

Choice depends on specific needs and digestive tolerance. Bisglycinate often remains the best option for good absorption without laxative effect.

Growth Syrup | GROWTH

3-15 yo

Strawberry flavor 5 ml per day 25 days

25RD-50911

> MELATONIN

The sleep hormone for restful nights. Makes it easier to fall asleep, regulates the circadian cycle and combats the effects of jet lag.

Sleep disorders: a public health issue! 7 out of 10 French people say they suffer from sleep disorders

MELATONIN :

KEY CIRCADIAN RHYTHM HORMONE

- + Produced by the pineal gland, it plays a crucial role in synchronizing sleep-wake cycles.
- + Modern lifestyles (exposure to screens, stress, staggered hours) disrupt its natural production.

→ **Results:** difficulty falling asleep, fragmented sleep, chronic fatigue.

PROVEN EFFICACY:

MELATONIN'S MECHANISMS OF ACTION

Studies confirm that melatonin acts on MT1 and MT2 receptors, enabling :

- + Reduced sleep onset latency.
- + Improved sleep-wake cycles, particularly for night workers and travellers.
- + Increased deep sleep, essential for optimal recovery.

→ **Good to know:** melatonin does not cause addiction or significant side effects when used as recommended.

Melatonin Spray | SLEEP

Orange blossom aroma

4 Sprays per day

25 nights

+ Claims
